OUR VISION

A proactive, efficient, Not-for-Profit national umbrella organisation that provides genuine partnership support services to its non governmental and community based membership, while fostering an enabling environment for sustainable development and growth of its members in the face of the adverse impacts of climate change in Tuvalu.”

“Volunteer Capacity Building Support”

Grooming our youth for the future they want

- 1 TANGO is committed to take two volunteers and train them for a duration of 3 months on administration matters, governance, clerical work, finance, proposal writing, data entry and other related administrative work.
- 2 The purpose of this initiative is to support our youths who are in search of work experience to build their capacities. The initiative also intends to groom our youths who are intending to seek greater opportunities within the government public service, NGOs or other institutions in Tuvalu.
- 3 The least that TANGO can do to assist is offer our youths a space for hands-on (practical work) and provide the necessary coaching and mentoring.
- 4 At the end of the program, participants will be awarded a Certificate of Completion by TANGO and partners. Weekly incentives will be provided.
- 5 If you are interested, drop us a letter of interest with your CV.
